

0640660 Iconic 250 Shorts

A pair of shorts that meets the demand for great quality at great value in a more sustainably-made garment. Fruit of the Loom's new Iconic 250 Shorts are made from CiCLO® biodegradable technology, which helps synthetic fibres naturally biodegrade, preventing them from lasting forever in the environment. The innovative CiCLO® fibre treatment allows synthetic materials to biodegrade in a similar way to natural fibres, reducing microplastic pollution while maintaining the garment's strength, comfort, and performance. Certified non-toxic to marine life and OEKO-TEX® ECO PASSPORT approved, CiCLO® brings the benefits of modern fabrics without the environmental impact. The perfect companion for any casual look, and ideal for lounge-wear, the shorts feature a roomier classic fit and elasticated waistband for easy wearing. A soft ringspun cotton surface and brushed fleece inner adds comfort, and side pockets are included for practicality – these new Iconic 250 Shorts offer all you need in sustainable style.

GENDER

Adults;Unisex;Men
